Subject: RE: A THANK YOU NOTE

TO WHOM IT MAY CONCERN,

Dear Sir/Madam,

My house had been infested with pest and so I engaged a Pest Control Contractor to visit my house periodically
i.e. once every two months to spray it with chemical. Every visit, my family has to vacate the house for fear of contact
with the chemical which may be harmful.

In October 2008, I bought and installed a unit of the PEST FREE DEVICE from your company SAYANG ALAM SDN.
BHD. and since then I notice that the pest especially the rats and cockroaches are rarely seen. My wife also said that
she now hardly see ants too.

In conclusion, the PEST FREE DEVICE is heaven-sent cause it is not only economical but effective. More important,
my family do not have to go through the inconvenience anymore.

Thank you for the PEST FREE DEVICE.

YOURS GRATEFULLY,
Mr. Ooi Swee Chow
